

BUY

- DOCN rose above its steep, 2022 downtrend in May. DOCN only turned higher after falling over 75% from the December 2021 highs. DOCN has formed a pattern of higher lows and higher highs = uptrend (zoom chart).

RRG analysis shows that DOCN's sector, Cloud Computing, has moved out of the Lagging quadrant and is now headed toward the Leading quadrant as it starts to outperform after showing increased RS momentum over the past month.
